Remember in your day to day activities to be able to stand less, avoid sitting on hard surfaces, avoid forcing when using a bowel movement, and certainly do not use donut cushions in conjunction with your own piles treatment. The angle at which it puts you adds enormous strain to your anus veins, which in turn can make it that much more difficult for the piles treatment to work quickly and effectively.

Piles are Actually Swellings on the Inside of Your Anal Canal

Interestingly, as mentioned before, they are not pieces of hardened stool, but rather, they are caused by hardened stool. Believe it or not, they can swell large enough to be the size of a grape! Certainly, by the time this happens, you will be in desperate need of a powerful piles remedy.

- Because so many of these situations occur on the inside of the rectum, that makes it difficult to use a topical piles treatment.
- Especially because it is wiped off as quickly as it is utilized due to its location.
- So consider instead, a natural oral piles treatment that will strengthen your own veins as well as help with constipation.

Interestingly, there are some types of this condition that can be seen on the outside of the rectum, while other types is only able to be seen on the inside. Your piles treatment should treat both equally, as it is caused by the same factors, and for all intents and purposes, is the same problem. The matter of location makes little difference in the potency of any piles treatment.
